Re: Local Prosecution Coordination Letter

Texas Governor's Office, Criminal Justice Unit:

This letter is in support of Seguin Police Department regarding the grant they have applied for through the Governor's Office in regards to body cameras. I am excited and looking forward to integrating body cameras into evidence for prosecution of cases in our office. In today's climate, it is imperative that we are able to provide juries with this crucial evidence and also have these cameras in place for the safety and security of our officers. Our office and Seguin Police Department are already coordinating to create a policy for body cameras.

We greatly appreciate your consideration of Seguin Police Department to be the recipient of this criminal justice grant. If you have any questions, or would like to speak with me, please call me.

Sincerely,

A handwritten signature in blue ink that reads "Heather McMinn".

Heather McMinn, 25th Judicial District Attorney
