

It's real.

MEMORANDUM

To: City of Seguin Mayor and Council
From: Andy Quittner, City Attorney *AQ*
Date: March 25, 2022
Re: Resolution approving a Deed and ROW dedication to 8th Street

The City has a grant from the Economic Development Administration to extend and improve 8th Street (to the Railroad Tracks) for better access to the industrial development occurring along the street.

In the process, the EDA wants the City to grant a ROW (to itself) dedicating the street property as a permanent street. The Resolution under consideration does exactly that.
