

CITY OF SEGUIN

Memorandum

To: Mayor and City Council Members
Douglas Faseler, City Manager

From: David Rabago, P.E., CFM, Utility Engineer

Through: Rick Cortes, Assistant City Manager

Date: February 12, 2016

Subject: South River Street Improvements

On February 2, 2016, the City of Seguin opened bids for the South River Street Improvements Project. The improvements consist of microsurfacing of South River Street from Washington St. to Shelby St., mill and overlay of South River Street from Shelby St. to East Klein St. (including West Klein St. to Austin Pass), and approximately 1,750 linear feet of storm sewer lines, 1,250 linear feet of water mains, and 850 linear feet of sanitary sewer lines.

Bids were received from four different contractors ranging from a low base bid (for Proposals I, II, and III) of \$1,393,285.94 from Skyblue Utilities, Inc. to a high base bid of \$2,112,674.50 from Cox Commercial Construction. Austin CES Practice Leader, Craig Bell, P.E. with TRC and city staff have reviewed the proposed bids and recommend awarding the contract to Skyblue Utilities, Inc. based on strong references, experience with similar projects, and being the lowest qualified bidder.

Please find attached Bid Recommendation Letter from TRC dated February 10, 2016 recommending the award of the South River Street Improvements Project. Staff concurs with this recommendation and will be available to answer any questions at the Tuesday, February 16, 2016 City Council Meeting.
