

MEMORANDUM

To: Mayor and City Council Members
Douglas Faseler, City Manager

From: Emery E. Gallagher, Director of Water/Wastewater Utilities

Through: Rick Cortes, Assistant City Manager

Subject: Engineering Services for the Sagebiel Road Sanitary Sewer Upgrade
Project

Date: November 23, 2015

Staff is requesting approval of an engineering service agreement with TRC, Texas Infrastructure (TRC) for engineering and inspection services for the Sagebiel sanitary sewer upgrade project in the amount of \$54,846. TRC's scope of work includes the design of the system, preparation of construction documents, plans/specifications, construction management and a description/summary of the project for TCEQ. It also includes assistance in the bid process, final inspection and record drawing preparation. Please note this project will be funded through Utility Impact fees.

The project will consist of the replacement of approximately 4100 linear feet of sanitary sewer of Sagebiel Road extending from FM 466 to connect to the existing sewer main that extends across Geronimo Creek to the Geronimo Wastewater Treatment Plant. The final sewer replacement sizing will be determined with data collected in the wastewater collection study being performed by TRC.

Staff recommends approval and will be available to answer any questions at the December 1,, 2015 Council Meeting.
