

February 18, 2019

Dear Seguin City Council,

On behalf of the Wilson Pottery Foundation and the Wilson Family we would like to thank you for welcoming and graciously allowing us permanent occupancy in the Beautiful Historical Sebastopol House.

On October 4th 2018, myself, Jan Britt Dixon, Board Member and La Verne Britt, Founder and former President of the Wilson Pottery Foundation met with Jack Jones , Director of Seguin Parks and Recreation and Krystle to discuss the benefits of opening a Wilson Pottery Shop at the Sebastopol House.

The main purpose of the Wilson Pottery Gift Shop is to help raise the necessary funds to acquire the much requested H. Wilson and Company signature piece. This would be a crowning achievement and a great addition not only to the museum but to the City of Seguin and surrounding communities.

It was brought to my attention that visitors have requested a copy of the book, In Praise of Hiram authored by La Verne Britt, Great Great Grand daughter of Hiram Wilson. A gift shop allows the visitor to purchase mementos or educational materials to have to remember their time spent at the Beautiful Historical Sebastopol House and would allow them to have a tangible item to share with family and friends.

I have enclosed a Proposal for your review.

Again, Thank you for your consideration and generousities.

Sincerely,

Jan Britt Dixon

Wilson Pottery Board Member
