Mayor Don Keil
City of Seguin,

This is a request for additional property transfers to Guadalupe Valley Habitat for Humanity. In less than a month Guadalupe Valley Habitat for Humanity will begin home construction at 305 Mesquite St. This is the last of the lots that the City of Seguin has transferred to Guadalupe Valley Habitat for Humanity. By mid year there will be four new homes on Mesquite St. All on lots that the City of Seguin graciously transferred to Guadalupe Valley Habitat for Humanity. We hope it is possible to find more lots that Guadalupe Valley Habitat can turn into homes for good people and add to our city's tax rolls.

Most Sincerely,

A handwritten signature in black ink, appearing to read "George Nisson".
