

NATIONAL MANUFACTURING MONTH 2023

WHEREAS, National Manufacturing Month is a celebration of modern manufacturing meant to inspire the next generation of manufacturers and increases awareness of manufacturing careers; and

WHEREAS, manufacturing jobs are critical to the economy and provide high-paying jobs with long-term career opportunities; and

WHEREAS, the manufacturing sector provides jobs such as engineers, computer programmers, research managers, mechanics, machine operators, first-line supervisors, production workers, welders, and many other individuals; and

WHEREAS, Seguin's manufacturers produce metal roofing components, truck bed composites, gears and gear shafts, diesel and natural gas engines, animal nutrition, re-closeable plastic bags, engine control units, automotive applications, private label bottled water, high quality equipment for agriculture maintenance and more; and

WHEREAS, the Seguin Economic Development Corporation is dedicated to strengthening and developing student competencies through career and technology education building a robust workforce pipeline; and

NOW, THEREFORE, I, Donna Dodgen, Mayor of the City of Seguin, do hereby proclaim October 2023 as Manufacturing Month in Seguin.

Presented this 2nd day of October 2023

It's real.

Donna Dodgen, Mayor

Naomi Manski, City Secretary
