

It's real.

MEMORANDUM

TO: Mayor and City Councilmembers
Steve Parker, City Manager

FROM: Adam Ryals, Utility Warehouse Manager

THROUGH: Rick Cortes, Deputy City Manager

DATE: December 28, 2022

RE: Purchase of DR 18 C900 PVC Pipe Bid# TF-2023-12

Approximately 4000 feet of 4 – inch and 6-inch water distribution mains in the area of Starke and Hayes streets will be replaced with standard 8-inch pipe ahead of a planned street rehabilitation project. This utility maintenance project will increase fire protection and support new development at an appropriate time to minimize future street repairs.

Bids were solicited for the purchase of 4,000 feet of 8-inch C900 PVC Pipe as described on the attached bid tabulation for use by the City's Water Utilities Department. One bid was received. It was submitted by Core & Main, totaling \$92,000.00 with a lead time of 2 – 3 days. Staff recommends approval to purchase the pipe from Core & Main for \$92,000.00.
