## MEMORANDUM 21-59

**TO:** City of Seguin City Council  
Steve Parker, City Manager  
Susan Caddell, Finance Director

**FROM:** Terry Nichols, Chief of Police

**REF:** Budget Amendment –Traffic Crash/Crime Scene Reconstruction Equipment

**DATE:** December 7, 2021

---

Technology equipment to be used in Traffic Crash/Crime Scene Reconstruction was approved in the current budget at \$20,000. While researching the best possible long-term solution for the Department's needs, we significantly underestimated the cost of this equipment. We desire to purchase the most current and technological advanced equipment possible that will serve the Department's needs for years to come. In addition, we want to purchase a system that is scalable and will integrate with current technology (such as drones), as well as future advances in this field.

We would like to recommend using \$30,000 from the State Forfeiture Account to assist in funding the purchase of this equipment. The transfer would be to FY22 Project PD22TRAFFICEQUIP.

Please let me know if you have any questions or need additional information.
