

MEMORANDUM

TO: Mayor and City Councilmembers
Steve Parker, City Manager

FROM: Ashley Bruns, Contract Coordinator/Buyer

DATE: September 6, 2023

RE: Road Materials Annual Contract

Bids were solicited for a contract to supply road materials for Water Utilities, Electric Utilities, and Public Works. The use of these materials is often time-sensitive, so staff recommends awarding contracts to both a primary and a secondary provider for each item to avoid supply and delivery delays.

Based on the bids submitted for sand, rock, and road base, the award of primary contracts should be made to Brauntex Materials, Texas Materials, and Vulcan Materials and a secondary supplier contract for all products to Colorado Materials.

	Primary Supplier	Secondary Supplier
Mfg Sand - Delivered	Texas Materials \$25.00/ton	Colorado Materials \$26.50/ton
Mfg Sand - Picked Up	Texas Materials \$17.50/ton	Colorado Materials \$18.00/ton
#57 Rock - Delivered	Vulcan Construct. Materials \$26.56/ton	Colorado Materials \$27.50/ton
#57 Rock - Picked Up	Vulcan Construct. Materials \$17.50/ton	Colorado Materials \$19.00/ton
1" Road Base - Delivered	Brauntex Materials \$16.25/ton	Colorado Materials \$16.50/ton
1" Road Base - Picked Up	Brauntex Materials \$6.25/ton	Colorado Materials \$8.00/ton

Funding for these materials is included in the current Operating Budgets for the various departments.

Staff recommends accepting and ratifying the contract, which began September 1, 2023.
