D. If a mistake is not discoverable and verifiable by the City, bidder's incorrect interpretation of Engineering specifications set forth in a construction contract will not release him from his obligations, once a contract has been awarded by City Council and bidder has received notice of such award.

4. GENERAL CONDITIONS

Bidders will submit their bids or proposals upon the following express conditions:

A. Bidders shall thoroughly examine all drawings, specifications, plans, schedules, instructions, and all other contract documents pertaining to this bid.

B. Bidders shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of materials or equipment as required by the bid conditions. No plea of ignorance by the Bidder of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the Bidder to make the necessary examinations and investigations will be accepted as a basis for varying the requirements of the City or the compensation to the vendor.

C. If any bidder is in doubt as to the true meaning of the specifications, other bid documents, or any part thereof, they may submit a written request for clarification to the Purchasing Manager. A request for clarification should be submitted by the deadline, if any, indicated in the specifications.

D. All materials, equipment, supplies which are new, non-standard to the City of Seguin, and/or items which are to be listed as an alternate or exception must be pre-approved PRIOR to placing them on a bid proposal. In order to fairly evaluate all bids, sufficient time requirements for possible field testing or demonstrations should be allowed.

E. Bidders are advised that City contracts are subject to all legal requirements under Local, State and Federal statutes, ordinances, and regulations. Any bid, after being opened, becomes subject to the Public Information Act, Government Code Chapter 552; therefore bidders must clearly indicate any portion of the submitted bid that the bidder claims is not subject to public inspection under the Public Information Act.

Every effort is made to maintain the highest level of ethical conduct in every aspect of the procurement process. Sharp business practices or high-pressure tactics will not be tolerated. Qualification and selection of vendors is based on those vendors who share the same high standards of ethical conduct.

5. DESCRIPTION OF GOODS

B. The term "Or Equal", if used, is intended to allow substitution of a brand which has all the essential performance, features, reliability, and other salient characteristics as the brand name and model stated in the item description. "Or Equal" is intended to establish a level of quality and function and is not to be interpreted as a preference for a particular brand. Other brands meeting these minimum requirements will be accepted. Bid submitted on an "Or Equal" item must clearly identify the proposed product, the quantity of the product, model, and type, as applicable.

C. Alternate bids will not be considered unless expressly authorized by the bid documents.

6. PREPARATION OF BID

Bidders will prepare bids in accordance with the following:

A. Specifications are written to encourage competition. The specifications herein shall be the basis of comparison between bidders. There is no intent to discriminate against any supplier or vendor but rather, to set a definite standard of performance. Bidders are required to quote services and/or equipment that will meet or exceed the minimum or maximum specifications herein.

B. Any omission in the specifications of any minor requirement necessary to make each unit complete and functional shall not relieve the Supplier of responsibility to furnish any material or equipment necessary.

C. The City reserves the right to request clarification to assist in evaluating the bidder's response when the bid response is unclear with respect to product pricing, packaging or other factors. The information provided is not intended to change the bid response in any fashion and such information must be provided within two days from request.

F. By submitting a bid, each bidder certifies that it does not currently owe any money to the City.

Should a bid deposit be presented in a form not acceptable to the City, the bid will not be considered.

8. EXCEPTIONS

If Bidder takes exceptions to any provisions of the specifications, the exceptions must be specifically and clearly identified by section in Bidder's bid, and Bidder's proposed alternative must also be provided in the bid. Bidders cannot take a 'blanket exception' to the entire bid document.

9. ADDENDA

Any clarification or interpretation of the bid, if made, will be made only by written addendum issued through the Purchasing Department and signed by the City of Seguin Purchasing Manager. A copy of such Addendum will be mailed or delivered to each person receiving bids. Addenda to the bid documents may be issued in response to a request for clarification or objection, or for any other reason the City considers advisable. Once issued, an addendum becomes a part of the bid documents. All addenda can be viewed and downloaded at the City's website: www.seguintexas.gov. It is the bidder's responsibility to check this site to determine if the City has issued any addenda. The City will not be responsible for any other explanation or interpretation of the bid made or given prior to the award of the contract.

10. REJECTION OF BIDS

A. The City of Seguin reserves the right to accept or reject any or all bids, and to waive any informalities and technicalities. The City of Seguin shall consider all factors it believes to be relevant in

selecting the offer that provides the best value for the City including, but not limited to, the offered price. Causes for bidder disqualification and rejection of bids may include, but shall not be limited to:

1. Bidder's current inability to satisfactorily perform the work or service, or the bidder's previous failure to properly and timely perform its obligations under a contract with the City. Purchaser may make such investigation as is deemed necessary to determine the ability of the Bidder to provide the equipment, material, and/or services as required by this specification and to determine the adequacy of the proposed equipment, material, and/or services. The Bidder shall furnish, upon request, all such data and information requested for this purpose. The information provided is not intended to change the bid response in any fashion and such information must be provided within **two** days from request.

9. Omission of proposal guarantee (if required).
10. 11. AWARD

- A. The City reserves the right to award a bid or contract to the lowest responsible bidder or to the bidder who provides goods or services at the "best value" for the City. Factors to be considered in the evaluation of the bids are price, quality, reputation and experience of Bidder, past relationship with City, long term cost, safety record, operating history of equipment, conformance to specifications, delivery, and other factors as deemed appropriate by the Purchaser.
- B. The City reserves the right to reject or accept all or any combination of bids deemed advantageous to the City.
- C. The City reserves the right to reject or accept all or any combination of base bid plus alternative bids when alternate bids are called for in bid documents, subject to available funding.

- C. Acceptance of bidder's offer may be in the form of a "Notice of Award", a Purchase Order (P.O.) or a "Contract".

- A. Waive any defect, irregularity, or informality in any bid or bidding procedure;
- B. Reissue a bid invitation or proposal;

Waive minor deviations from the specifications when a bid meets the intent of the specifications and consider such bid if it is determined the bid's total cost is lower, the purpose for the bid is improved or not impaired, the bid amounts to the best value for the City, and/or the waiver otherwise results in a measurable benefit on behalf of the City.
- E. Extend any contract when most advantageous to the City as provided by original contract conditions.

14. WARRANTIES

A. WARRANTY FOR PRODUCT: The Contractor warrants to the City that all goods delivered will conform to the specifications, drawings, or other descriptions furnished or incorporated by reference, will be of merchantable quality, good workmanship, free from defects, and fit for all purposes specified in this contract. The City may return goods not meeting applicable warranties to the Contractor at the Contractor's expense.

B. WARRANTY FOR PRICE: The City will pay the price for goods specified by the Contractor's bid. E. The Purchasing Department, in conjunction with the department responsible for the bid or proposal solicitation, will attempt to resolve the protest, including, at the City's option, meeting with the protesting party. If the protest is successfully resolved by mutual agreement, written verification of the resolution of each ground addressed in the protest will be provided to the City Manager. E. Vendor must keep the City advised as to the status of the delivery. When delivery delay can be foreseen, the Vendor shall give prior notice to the City.

F. Default in promised delivery, without acceptable reasons, or failure to meet specifications without remedy shall cause the City to purchase the goods elsewhere, and charge any increase in cost and handling to the defaulting vendor. 19. ASSIGNMENT

No right or interest in the contract shall be assigned, nor delegation of any obligation made by Vendor without the written permission of the City. Any attempted assignment or delegation by Vendor shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

20. WAIVER

No claim or right arising out of a breach of this contract can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party.

21. FORCE MAJEURE

In the event that the performance by either party of any of its obligations under this contract is interrupted or delayed by events outside of their control such as acts of God, war, riot, or civil commotion, then the party is excused from such performance for the period of time reasonably necessary to remedy the effects of the events.

22. GRATUITIES

The City may, by written notice to the Vendor, cancel this contract without liability to the City if it is determined by the City that gratuities have been offered to any officer or employee of the City with a view toward securing a contract, securing favorable treatment with respect to the awarding, amending, or the making of any determinations in respect to the performance of such a contract. 23. TERMINATION

A. DEFAULT: Failure by either party to perform any of its provisions will constitute a default and breach of contract, in which case, the other party may require corrective action within 10 days from the date the defaulting party receives written notice citing the nature of the breach. Failure of the defaulting party to take corrective action or to provide a satisfactory written reply excusing such failure within the prescribed 10 days will authorize the other party to terminate this agreement by written notice.

B. CONVENIENCE: The City reserves the right to terminate this contract upon 30 days written notice for any reason deemed by the City Council to serve the public interest. Termination for convenience will not be made when termination is authorized under any other provisions of this contract. In the event of such termination the City will pay the Contractor those costs directly attributable to supplies obtained in compliance with the contract prior to termination. Provided, however, that no costs will be paid to the Contractor which are recoverable in the normal course of doing business.
