Re: Proposal for the City of Seguin 2016 Fireworks Display

Dear Mr. Jones:

Pyro Shows is pleased to enclose our proposal for your outdoor fireworks display on July 3, 2016. We have increased the total shell count by slightly over 20%, as you will see on the enclosed spreadsheet comparison, to further compensate the City of Seguin, its residents and guests for the poor performance of the display for 2015. In addition, we will ensure that the technician and his crew will be one of our best firing teams with substantial experience.

We would like to have a logistical meeting, at least 30 days prior to the display date, with your staff, the Fire Marshal, the lead operator and his team to go over the arrival of the fireworks truck, the logistics of set-up of the show and the overall operational plan. We feel that this will prepare everyone and avoid any issues that could affect the success of your show.

The Pyro Shows proposal includes all fireworks, labor, delivery, and permits. **Any expenses for security or stand by fire protection shall be the responsibility of the buyer.** Our proposal includes \$5,000,000.00 comprehensive general liability insurance that names you as an additional insured at no additional charge to you. All of our vehicles are covered by \$5,000,000.00 automobile insurance, and our technicians are covered by workers compensation.

Please acknowledge if you want a rain date on your contract. The rain date can be any day of 2016 except July 4th.

After you have had a chance to review the information, please call our office with any questions you may have. We appreciate the opportunity to provide you with our proposal and look forward to hearing from you.

Sincerely,

Steve Frantz
