

MEMORANDUM

TO: Mayor Don Keil
Seguin City Council
Douglas Faseler, City Manager

FROM: Joe Ramos, City Engineer

SUBJECT: Traffic/Intersection Safety Study Request to Texas Department of
Transportation (TxDOT)

DATE: May 12, 2015

At the direction of previous City Council members, Staff has requested that TxDOT perform a traffic study at the intersection of FM 466 and Preston Drive, on several occasions. Due to a recent significant traffic accident at that intersection, where a motorist drove through the intersection and impaled his vehicle into an elderly resident's bedroom, staff is recommending that formal request in the form of the attached resolution be approved by City Council and it be presented to the San Antonio District Engineer for further consideration and action.
