

MEMORANDUM

To: Mayor and City Council Members
Steve Parker, City Manager

From: Melissa Reynolds, P.E., CFM – Director of Engineering & Capital Projects

Through: Rick Cortes, Deputy City Manager

Subject: IH10 Utility Relocation Lift Station Abandonment and Gravity Sewer Adjustment Professional Services Agreement with TRC

Date: January 30, 2024

In July 2020, the City of Seguin entered into a contract with TRC Companies for professional services related to utility relocation necessary for the expansion of IH 10 (TxDOT CSJ 0535-01-074).

Recently, City staff identified an opportunity for optimizing the sanitary sewer utility lines associated with this location, by replacing a force main with a gravity line and allowing for the decommissioning of a lift station.

TRC has presented a proposal for professional engineering services for the design of the new sanitary sewer line and abandonment of the Friesenhahn sanitary sewer lift station. City staff have reviewed the Professional Service Agreement and recommend awarding a contract with TRC Companies for \$140,630.

Staff will be available to answer any questions at the February 6, 2024 City Council meeting.
