

CITY OF SEGUIN

To: City Council
From: John Donnelly, Director of Public Works
Date: November 19, 2024
Subject: Resolution authorizing the City Manager to approve the purchase of Ari-Hetra Mobile Column Lifts in the amount of \$56,181.70.

It's real.

Historical Background

Currently, whenever heavy equipment would need repair or diagnostics ran, Fleet Services would need to preform all at ground level. Due to the lack of available shop floor space, a permanent heavy equipment lift is not a feasible option. This new lift system is mobile and can be used anywhere inside or outside of the fleet services shop. With the purchase of the new equipment, Fleet Services would be able to repair all units and equipment in-house in a safer more efficient manner, while reducing the risk of injury, and saving money and time on the repairs.

Action Requested

Approval to proceed with the purchase of the Ari-Hetra equipment in the amount of \$56,181.70

Procurement Methodology & Funding Source

Equipment will be charged to 036-9000-706500 VM25ARIHETALLIFTS36 (GF) \$28,090.85 & 038-9000-706500 VM25ARIHETRALIFTS38 (UF) \$28,090.85.

Staff Recommendation

Staff recommends the purchase of the Ari-Hetra Mobile Column Lifts & Accessories
