

**It's real.**

To: Mayor and City Council Members  
Steve Parker, City Manager

From: Shane McDaniel, Chief Information Officer

Subject: Resolution authorizing the City Manager to execute purchase orders for Seguin PD parking lot renovation access control and video surveillance totaling \$69,065.86

Date: September 5, 2023

Staff is requesting authorization to proceed with purchasing the technology hardware and professional services for the PD parking lot renovation effort. This will consist of the access control tech, video surveillance tech, and installation services for both the primary and remote PD parking lots. Video surveillance will be \$19,941.79 for both parking lots. Access control will be \$35,227.86 for the main parking lot and \$13,896.21 for the remote lot, totaling \$69,065.86 to complete the effort.

If approved, these enhancements will allow for greater safety of PD/911 personnel as they enter, exit, and work around the facility. This technology will also serve to protect personnel and city owned assets behind the perimeter and allow for maximum efficiency for exiting the facility in the event of an emergency.

Staff recommends approval and is available to answer any questions at your convenience.
