

## MEMORANDUM

TO: Mayor Don Keil  
Seguin City Council  
Douglas Faseler, City Manager

FROM: Joe Ramos, City Engineer 

SUBJECT: Stop Sign at Nolte Street and Travis Street

DATE: November 19, 2015

We have received numerous sight distance complaints about the intersection of Nolte Street and Travis Street. As traffic approaches Nolte Street from the north, it is difficult to see westbound and eastbound traffic on Nolte Street. The existing rock wall on the northwest side of the intersection and the off-street parking at the northeast side of the intersection preclude the Travis Street motorists from adequately seeing oncoming traffic. Consequently, we need to install an all-way stop sign at the intersection of Nolte Street and Travis Street to ensure safe traffic operations. The stop sign will be installed in conformance with the Texas Manual on Traffic Control Devices. Therefore, we are recommending that the City Council approve the stop sign installation as requested.
