Dear Mr. Parker

The City of Seguin has been so gracious to our organization. Currently resolution 2014R-65 states that "The City Council approves the waiver of building permit fees and related fees for the construction of up to two houses per year for Guadalupe Valley Habitat for Humanity.

We are growing and are looking to impact more families these next couple of years. Would the city of Seguin be willing to partner with us for 4 houses a year?

Sincerely,

Madeline Zwicke,

Executive Director of Guadalupe Valley Habitat for Humanity

GVHFH is a Guadalupe  
County United Way Agency
