On Wednesday, January 12, 2022, the Seguin Commission on the Arts approved the design of the fiberglass squirrel sculpture for their Seguin Squirrel Trail program.

Pursuant to the Public Art Ordinance, all public art recommendations must go before Council for approval of the artwork.

The squirrel statue will be approximately 4-feet tall and 2-feet wide and will be secured on a 6-inch-tall concrete pad in the designated locations selected by each Sponsor.

The Commission respectfully requests the Council's approval of the squirrel design with the understanding that the Commission will have final approval of each painting concept from the Sponsors.
