Mayor Dodgen announced that Police Records Clerk was unable to attend the meeting and that her recognition would be rescheduled.

6. **Hearing of Residents:**

Felicia Ramirez, 618 E Kingsbury, stated that she is the Post Commander for American Legion. She invited everyone to attend their Ribbon Cutting on Thursday at 3 P.M. Seguin ISD students have painted artwork in their hall and it will be unveiled at the ribbon cutting. Additionally, she invited everyone to attend an Art Show at the American Legion on Tuesday, April 14th from 6-8 P.M. She encouraged everyone to come support the artists that will be showcasing their work.

Laura Schmidt, Acadian Ambulance Service, 1255 Ashby St, Suite A, asked for City Council to assist with the homeless population vandalizing her workplace. She said the building has been broken into, the entryway littered with trash, and two weeks ago homeless people piled trash in front of their door so she had workers put it in their trash cans. Later that evening, the trash cans disappeared and she suggested that they were stolen and taken back into the woods. She said that she has spoke to Mayor Dodgen about this issue already and would like City Council to help her

resolve it.

Rebecca Craddock, stated that Corey Weber is her stepson and that she is currently a disabled vet but has worked in government most of life. She said she has lived in Seguin since 1993 but no longer calls it her home and encourages others not to live in or spend money in Seguin. She said she had heard rumors about the Seguin Police Department but didn't believe them. She said that Corey was pulled over by Officer Godinez on September 25th for allegedly running a stop sign on his bicycle. When Corey tried to call his father because he thought he had the right to do so, Officer Godinez told him to put the phone away so he did. But seconds later, his father called him back and Corey tried to answer the call. She stated that Officer Godinez took Corey's phone and slammed him to the ground, given Corey a concussion and violating his civil rights. She said that she and her husband tried to file a report with the Police Department and because more than thirty days had passed they were not allowed to make a report. She opined that the amount of force used was not proper for a minor. She called for Officer Godinez and Chief Brady to not be law enforcement officers anymore if they think that it was proper and said that she would not want anyone else to have to go through this situation again.

Cindy Savini, 714 Elizabeth, informed that she is a retired Comal County peace officer and suggested that if the Police Chief saw that video and said there was no wrong doing, then maybe he is the problem. She declared that Officer Godinez didn't have the right to take Corey's phone or search his phone. She said she believes that the officer needs his badge taken away because there are already a lot of kids in Seguin that are scared of the police and the Police Department does not need to handle kids the way that Corey was handled. She said that Officer Godinez should have tried to deescalate the situation, not escalate it. She encouraged the councilmembers to watch the video of Corey's incident if they have not done so already. She reiterated that Corey had to go to the hospital by ambulance and was diagnosed with a concussion. She said that councilmembers should consider how they would feel if that happened to their kid or grandkid. She called for something to be done and for an apology to be given to Corey as he is scared to drive a car now and they moved to a different city to get Corey out of Seguin.

Mark Hernandez, 808 Burges St., announced that his comments were not intended to bash Seguin Police Department or all officers. He said that on September 25, 2026 at 10:55 P.M. Officer Godinez stopped a 16yr old for allegedly failing to stop at a stop sign on his electric bike. He said the teen pulled out his phone to call a legal guardian, because he thought he had the right to do so. Officer Godinez tried to take the teens phone and the teen pulled away. Officer Godinez then slammed kid to the ground, which led to him be hospitalized and diagnosed with a concussion. Because more than 30 days had passed, the parents of the teen was told they could not file a complaint. He declared that this was not the right way to handle a situation involving children. He said the entire incident lasted one minute and forty seconds and the Officer took it from a Level 1 to a Level 4 in that amount of time. He asked where was the Officer's efforts to deescalate the situation. The teen did not even get a ticket or a warning. He demanded that the councilmembers hold the Chief and Officer accountability. He reminded that they are elected to serve the people and asked what they were going to do about this because silence speaks volumes. He said if they do not do anything he will work hard to put someone in their seat that demands accountability.

Juan Herrera Villa, 614 Dibrell Ave, commented that he was concerned about transparency and civil liberties in Seguin. He said he has heard a growing number of residents state that during traffic stops or temporary detentions, officers have taken possession of their phones, specifically when they are recording their interactions

with the officer. He said it is widely recognized that those recordings are protected by their first amendment rights and that often the recording isn't about hostility but about transparency and protection for everyone involved, including the officer. So when phones are taken during these interactions, the perception is that recordings are being prevented, and whether that perception is accurate or not, it is damaging the public trust. He asked the councilmembers and the Seguin Police Department for clarity on what is official policy is regarding police interactions, under what circumstances can an officer take someone's phone, and what safe guards are being used to ensure that recordings aren't being prevented or deleted. He asked the City to review this issue and consider making those policies publicly available so residents know their rights and officers have clear guidance. He declared that transparency shouldn't stop the moment someone presses record and accountability isn't something that can be paused.

K'Lynn Newton, 2572 Villa Vista, insisted that City Council demand Officer Godinez be held accountable. She said she supports every man and woman in blue that treat their job like their calling, but it is easy to tell the ones that do not. She stated that Seguin has the opportunity to lead by example where other communities have failed and she asked if they will stand above the rest.

Julian Leal, 849 Prexy Dr., said that he was not for or against the Police Department but that these charges were flimsy and looks like they were just picking on a 16 year old kid who does not know anything about anything. He said the Police Chief is supposed to look after the officers and he believes that the excuse that this is behavior is protocol is pure bologna. He said he believes that 95% of officers are good, and it is really only 5% that do all these violations. He said he worked in a penitentiary for a year and it left him wondering who should really be the ones behind the bars because there were many corrupt officers. He opined that it is not the job or duty to manhandle anybody. He asked that if this officer is guilty of anything that they be reprimanded.

Director of Main Street and Destination Seguin Blaire Friar invited everyone to attend the annual Moonlight and Roses event on Friday, April 10th. She informed that the event was being moved indoors for the attendees safety and comfort due to the potential for storms. It will be held at the St. James Catholic Church and so many local businesses have stepped up and donated items to help make the event successful. The ticketed dinner is sold out, but doors open at 7PM for the public event. Also, Mrs. Friar informed that the Annual Texas Ladies State Chili Cook Off will be held at Starcke Park on Saturday, April 18th and announced that judges are needed.

Mayor Donna Dodgen announced that the spring Community Clean Up will be held on Saturday, April 18th from 8AM - Noon. Residents will need to show proof of residency and the line will start on Fred Byrd Dr. Also, she invited everyone to participate in Earth Day at Central Park on Saturday, April 25th.

City Manager Steve Parker announced that Director of Engineer and Capital Project Melissa Reynolds is a WTS-San Antonio Region (WTS-SAR) 2025 Woman of the Year Nominee and the winner will be announced Thursday. Additionally, the Seguin Transportation & Mobility Master Plan has been selected as a 2025 Innovative Transportation Solutions Award Nominee. - b. **26-171** Authorize the City Manager to execute a Chapter 380 Agreement between the City of Seguin and Janota Investment Properties, LLC for property located at the corner of W. Donegan and S. Camp Streets.
- Councilmember Carlsson made a motion to postpone the consideration of the Chapter 380 Agreement between the City of Seguin and Janota Investment Properties, LLC in order for City Council to have time to review the paperwork. Councilmember Gaytan seconded the motion and stated he would like time to review the agreement.*
- Councilmember Lievens asked if Mrs. Janota could share her observation and reaction to this motion and how it would impact her business.*
- Mayor Dodgen asked Mrs. Janota how this decision will impact her business. Mrs. Janota stated that Seguin has been her home her entire life. She said this decision will impact her because it will delay the construction of the elevator, which takes 3-4 months to finish. She was hoping to be operating in time for the fall wedding season, so this delay will force her to miss another wedding season and the lost revenue associated with it.*

Councilmember Lievens asked what type of events is she targeting and Mrs. Janota replied weddings, showers, and corporate events. She said that she is fully employed at GRMC and hopes to host hospital and city events in her venue as well.

A motion was made by Councilmember Carlsson, seconded by Councilmember Gaytan, that this Action Item be postponed. The motion carried by the following vote:

Presiding: 1 - Mayor Dodgen
