

MEMORANDUM

To: Mayor and City Council Members
Steve Parker, City Manager

From: Mary Hamann, P.E., Assistant City Engineer

Through: Rick Cortes, Deputy City Manager

Subject: Ordinance creating a parking by permit process for the City of Seguin

Date: May 16, 2023

City management requested that staff create a parking by permit ordinance to allow for the designation of new parking by permit areas in parts of the city that have a high parking demand in residential areas that obstruct residents' ability to park in front of their homes.

Staff reviewed similar policies and ordinance language from surrounding communities, including San Marcos and New Braunfels, which both have parking by permit or resident parking programs. The proposed ordinance is similar to the requirements in these communities to allow residents to park in front of their homes along streets with high parking demand.

City staff will be available to answer any questions related to the new parking by permit ordinance at the May 16, 2023 City Council meeting.
