

MEMORANDUM

To: Mayor and City Council Members
Douglas Faseler, City Manager

From: Emery E. Gallagher, Director of Water and Wastewater Utilities

Through: Rick Cortes, Assistant City Manager

Subject: Adoption of the 2014 Water Conservation Plan

Date: April 23, 2014

The Texas Water Development Board requires retail public water suppliers with more than 3,300 connections to develop and submit an updated Water Conservation Plan every five years.

The changes to the plan includes updated water use and population projections, improved residential leaks detection data acquired utilizing the recently installed AMR/AMI water meters system. The plan also includes updated reuse water data for industrial users.

Staff is requesting adoption of the revised 2014 Water Conservation Plan.

Staff will be available to answer any questions at the May 6, 2014 Council Meeting.
