## MEMORANDUM 16-060

**TO:** City of Seguin City Council

**FROM:** Kevin K. Kelso, Chief of Police

**REF:** Purchase of In-Car video/MDT Systems

**DATE:** November 16, 2016

The Seguin Police Department applied for a JAAG grant on February 25, 2016 through the Alamo Area Council of Governments. We have been approved for the grant to purchase 11 in car camera and mobile data systems, as well as 2 motorcycle camera systems in the amount of \$117,306. The systems will be purchased from Broadcast Microwave Services/Data911 Products and we currently use their systems in our patrol vehicles. They are a sole source provider, as we purchase the systems direct from the company.

Industrial Communications in San Antonio will be helping with the installation of the systems. The total cost of the camera systems as well as installation is \$116, 706. Staff is requesting permission to move forward with the purchase of these systems. The awarded grant will fund 100% of the purchase and install of the new systems.
