Seguin, TX City Council

Seguin City Hall

210 East Gonzales Street

Seguin, TX 78155

Dear Mayor and City Council members,

I am writing this letter to urge the Council to consider Late Night Hours, by changing the closing times for restaurants and bars in Seguin from 12am Sunday through Friday, and 1am on Saturday until 2am seven days a week.

As a restaurant/bar owner in downtown Seguin I see patrons leave Seguin week in and week out, and go to local communities such as San Marcos, Schertz, and San Antonio because they have Late Night Hours that do not currently exist in Seguin.

I believe that Seguin can benefit from adding Late Night Hours in several ways. This proposed change makes our community more competitive in attracting events that bring people to the city. This type of change is an opportunity for Seguin to grow the downtown area while increasing sales tax revenue for the city. Safety is always a concern. With the addition of Late Night Hours, we will provide the local community an option to enjoy their night by staying in Seguin without taking the risk of driving to Schertz, San Antonio, and San Marcos.

I hope you will consider the option of adding Late Night Hours to Seguin. I believe this will help grow Seguin commercially, financially, and help Seguin stay competitive with surrounding communities.

Sincerely,

Warehouse Mgmt.
