MEMORANDUM

To: Mayor Keil
City Council Members

Thru: Douglas G. Faseler, City Manager

From: Jose (Joe) R. Ramos, Jr., P.E. City Engineer

Subject: Implementation of Truck Routes within the City Limits
Amending Ordinance #2016-064

Date: August 27, 2018

In the FY2013, City Council approved funding for engineering services for implementing a truck routes plan within the city limits of Seguin. In February 2013, the City contracted with Civil Engineering Consultants (CEC) to develop truck route plan in compliance with Texas Department of Transportation (TxDOT) policies and procedures. In 2016, City Council approved the implementation of the Truck Routes plan (Ordinance 2016-064). TxDOT is now in the process of erecting the required signs, in conformance with the adopted plan.

After performing a cursory review of the signs being erected in the field, we found that some minor revisions were required to the ordinance to ensure that the plan in the field is correct and enforceable. The attached ordinance has been amended to match the plan being implemented.

Funding for the required signage is in the FY2017 Capital Projects Budget.

Cc: Rick Cortes, Assistant City Manager
Pamela Centeno, Director of Planning and Codes
Kevin Kelso, Police Chief
Michael Sharp, Engineer Associate
John Donnelly, Public Works Manager
