211 North River Street  
Seguin, TX. 78155

Dear Mr. Kramm and Ms. Hopper –

It's time for our 10<sup>th</sup> Annual "Kids Day in The Park" event to be held Saturday, October 20, 2018 from 10 a.m. to 2 p.m. in Central Park, Seguin. Over 2,500 children and family members came to celebrate Seguin's youngest citizens during our event in 2017! Every year we work hard to reach out to even more community members for this FREE fun-filled event. This year, we are asking for your support to waive the rental fees for Central Park.

The children and families served through Connections depend on the success of this event to help spread the word about local resources in the community. Additionally, the event acts as a small fundraiser to provide a cash match toward the cost of our program services, which are provided at no cost to the community. We encourage the public to help support the Kids Day event so at-risk children can have a safe place to call home.

Thank you for your efforts through the City of Seguin Main Street initiatives to help bring the community together. We hope that you can also support our request, which enables us to provide services toward Empowering Youth, Connecting Families, and Building Futures. It is through your support that we are able to strengthen the Seguin and other nearby communities, one youth and one family at a time.

Sincerely,

Kellie Stallings  
Executive Director
