

MEMORANDUM

To: City of Seguin Mayor and Council
From: Andy Quittner, City Attorney *Andy Quittner*
Date: April 3, 2019
Re: Ordinance creating a no parking zone on both sides of Eighth Street

Since Eighth Street has been reconstructed it is becoming a parking lot for tractor trailer trucks waiting to be let into Niagara and possible other businesses. This has created litter and other related problems. The contractor for the SEDC has to pick up trash before mowing, which takes more time and costs more money. More importantly, persons interested in the available land along Eighth Street have expressed concerns with the truck parking and whether or not access to the properties will be hindered.

Parking on the side of the road also helps decrease the life of the roadbed. After discussing the matter with the City Engineer, David Rabago, and he has opined that the best solution is to make the street a no parking zone.

The Niagara plant manager has been notified that this Ordinance is being considered.
