RE: Request for Counterdrug Support for Seguin (TX) Police Department FY 20

Dear Sir:

The Seguin Police Department respectfully requests to be considered for a narcotics analyst position supported by the Texas National Guard Counterdrug program. We currently have an authorized strength of three (3) narcotics officers who carry a significant workload within the City of Seguin. One of these Detectives is assigned to the DEA Task Force in San Antonio. We would request this to be a yearlong mission in order to assist our counterdrug efforts.

The analytic support staff would be utilized to further our ongoing narcotics investigative efforts both locally within the City of Seguin as well as our interdiction efforts along IH-10. The City of Seguin continues to battle the methamphetamine epidemic and the related crime associated with drug trafficking.

The analytic support staff would be housed at the Seguin Police Department located at 350 N. Guadalupe Street, Seguin, Texas. We have ample office space, computer and phone access to support the request for a yearlong mission.

Lieutenant Mike McCann will be the point of contact for an assigned analyst if approved. His contact information is below:
