

MEMORANDUM

To: Mayor and City Council Members
Douglas Faseler, City Manager

From: Timothy J. Howe, Director – Water / Wastewater Utilities

Through: Rick Cortes, Assistant City Manager

Subject: 12" Sanitary Sewer Main Replacement – Pecan St and S. Austin

Date: August 19, 2019

On June 6, 2019, Seguin City Council approved the emergency replacement of a 12 inch sanitary sewer main crossing Walnut Branch adjacent to the Walnut Branch Wastewater Treatment Plant and awarded a construction contract to M&C Fonseca Construction Co. Inc. During this effort, the 12 inch clay sanitary sewer main which terminated the scope of the project was found to be defective. The original scope of work cannot be completed without replacing approximately 480 feet of this failed 12 inch clay sanitary sewer main.

M&C Fonseca Construction Co. Inc. quoted a change order of \$100,300 to complete this emergency repair. The City has experience with M&C Fonseca Construction Co. Inc. on previous projects and they have provided acceptable work. Funding for this emergency is identified and will be presented at the Council meeting scheduled for September 3, 2019.

Staff recommends approval of this award in the amount of \$100,300.00 to M&C Fonseca Inc. and will be available to answer any questions at the Tuesday, August 20, 2019 City Council Meeting.
