Subject: Public Hearing on TxCDBG Program

The City of Seguin is applying for federal grant funding for drainage improvements that requires a current Hazard Mitigation Plan. The City was a Participant in the Alamo Area Council of Governments Local Mitigation Plan that expired on July 12, 2017.

A new Hazard Mitigation Plan is being created, but will not be presented to Council until later in 2021. Therefore, we recommend re-adopting the expired plan until the end of December, 2021.
